EXECUTIVE AI BRIEFING / ADOPTION

AI ACCESS IS NOT WORKFORCE READINESS

Six commitments turn a licence into operating capability.

RESEARCH SIGNALS / NOT A CAPABILITY SCORE

82%
of surveyed CEOs use AI

22%
report a comprehensive AI governance policy

42%
of organisations with full or partial policy train on AI use/policies

6%
require AI skills in job postings

39%
do not consider AI skills in hiring

Vistage CEO research, 2026. The 42% training figure applies only to the subgroup with full or partial policies.

THE CAPABILITY CONTRACT

A business-led programme, tested inside real workflows.

01 ACCOUNTABILITY

Name the business owner

One sponsor for enterprise readiness; one process owner for demonstrated competence.

02 SAFE BASELINE

Define permitted practice

Approved tools; privacy, security, verification, limits and escalation in daily work.
