Jair Ribeiro

Enterprise AI & Data Leader | Strategy - Operating Models - Governance - Adoption - Business Value

Gothenburg, Sweden | jair.ribeiro@outlook.it | +46 76 761 21 58

LinkedIn Profile | AI Leadership Portfolio

PROFESSIONAL SUMMARY

Enterprise AI, Data and Analytics leader with 20+ years in enterprise technology and 8+ years in AI, data and analytics leadership across MSX International, Volvo Group, Kimberly-Clark and IBM. Builds the operating models, decision rights and governance that turn AI investment into adopted business capability. Experience covers portfolio leadership, Responsible AI, data governance, workforce enablement and operational AI in international industrial enterprises.

SELECTED LEADERSHIP IMPACT

- Across Volvo AI roles, led business requirements, product and stakeholder work for 100+ AI initiatives, proofs of concept and projects across functions and regions.
- Supported the adoption of AI solutions and agents in warranty, sales and aftermarket workflows, embedding human review and responsible-use practices.
- Established MSX AI & Data CoE foundations: portfolio governance, lifecycle stages, decision rights, scale-readiness criteria and a 2026–2027 maturity roadmap.
- Designed Volvo AI innovation and literacy programs reaching thousands of employees globally; delivered 100+ AI learning sessions in an earlier Volvo AI role.

CORE LEADERSHIP AREAS

Enterprise AI Strategy | AI & Data Operating Models / CoEs | AI Governance & Responsible AI | Data Governance & Trusted Data | AI Portfolio & Value Realization | AI Adoption & Capability Building | Data & Analytics Leadership | GenAI & Agents | Executive Stakeholder Management

PROFESSIONAL EXPERIENCE

AI & Data Center of Excellence Director | MSX International

Dec 2025 – Sep 2026 | Gothenburg, Sweden

- Established the business-facing AI & Data CoE foundation, connecting enterprise priorities with AI opportunity intake, governance, adoption and technology teams.
- Structured portfolio and lifecycle governance through defined stages, decision rights, ownership and readiness-to-scale criteria to support more consistent investment decisions.
- Connected AI/data maturity assessment to the 2026–2027 roadmap; advanced data-governance foundations covering stewardship, data quality and trusted data practices.

Data Analytics and AI Leader | Volvo Group

Aug 2022 – Dec 2025 | Gothenburg, Sweden

- Led AI and analytics adoption across commercial operations, introducing practical AI solutions and agents into warranty, sales and aftermarket workflows.
- Directed cross-functional AI use-case and PoC activity across commercial, legal, compliance and sustainability stakeholders, translating business problems into governed solutions.
- Designed global AI literacy and innovation programs reaching thousands of employees, strengthening responsible adoption and the quality of business demand.

Artificial Intelligence Strategist – EMEA | Kimberly-Clark

Jul 2021 – Sep 2022 | Kraków, Poland

- Led AI and Data Science value discovery across EMEA, reporting directly to the Chief Data & Analytics Officer.
- Worked with supply chain, manufacturing, logistics, sales and marketing on business problems, value hypotheses, feasibility and adoption readiness.

PROFESSIONAL EXPERIENCE (CONTINUED)

Senior Artificial Intelligence Business Expert | Volvo Group

Jun 2018 – Jul 2021 | Wrocław, Poland

- Led business requirements, product management and stakeholder engagement across 100+ AI initiatives, PoCs and projects in multiple regions.
- Delivered 100+ AI learning sessions to develop enterprise literacy and improve the quality of business demand.

Cloud and AI Project Manager / Design Thinker / IBM Watson Solution Designer | IBM

Jul 2017 – Jun 2018 | Wrocław, Poland

- Advised sales and client teams on IBM Watson solutions, translating customer problems into cognitive-solution concepts.
- Applied IBM Design Thinking in solution discovery, balancing business needs, technical feasibility and user experience.

EARLIER CAREER – SELECTED ROLES
